INVITATION TO ATTEND

WEDNESDAY & THURSDAY MARCH 30 & 31 2022

HUNTINGTON CONVENTION CENTER • CLEVELAND, OH
300+ EXHIBITORS • 30+ CLASSES • NEARLY 4,000 ATTENDEES

EDUCATIONAL CONFERENCE

8:00 a.m. - 2:00 p.m.

TRADESHOW

12:00 p.m. - 8:00 / 7:00 p.m.

WHY YOU SHOULD PARTICIPATE

Keep the competitive edge! View the latest technologies, products, and services. Take advantage of both educational seminars and “hands-on” exhibits on the show floor. Earn continuing education while networking with your industry peers. Attend workshops to sharpen your professional skills. See and learn the hottest news at the Expo! This premier industry event is every three years. Do not miss this opportunity to learn and engage.

WHO SHOULD ATTEND

Architects, electrical contractors, electrical and energy engineers, electrical distributors, facilities owners and managers, utilities, maintenance and plant engineers, building owners and managers, purchasing agents, financial officers and managers, specifiers, OEM customers, communication systems contractors, lighting designers, clean energy providers/services, consultants or anyone interested in learning more about the power, lighting, communication systems and clean-energy industry.

REGISTER TODAY FOR FREE ADMISSION*

Exhibit hall with over 300 manufacturers displaying cutting-edge products and services. Attend in-depth seminars led by industry experts on timely topics like 2020 NEC, NFPA 70E, Lighting Programs, Smart Lighting, and Power Quality. Earn Continuing Education Credits—dozens of FREE educational seminars*. Experience hands-on demos of the newest products in the industry. Network with thousands of industry professionals from the region. Learn best practices and energy efficient solutions.

**some courses require a class fee*
